

The Big Up Education Conversation

BIG CHANGE.

"It is time for a National, rational debate on how we help our young people succeed."

*Paul Deschler,
President of CBI*

Whole Education

Date: Thurs 28th March 2019, 6pm-8pm

Venue: The Bradfield Centre

Cambridge Science Park Rd,
Milton, , Cambridge CB4 0GA

£10

The Big Education Conversation will...

Unify

Bring together individuals and organisations who have a shared interest in better preparing young people for their future. Together they can have open, honest and constructive conversations about education

Amplify

Through these conversations we seek to amplify examples of excellent practice happening across the system, as well as amplifying what emerges from these conversations (e.g. what actions? where do people agree/have differing views?)

Activate

Through these face-to-face conversations we can inspire and equip people and organisations to take action in their communities (local and national) to better prepare young people for their futures

Join Lord John Bird Founder of The Big Issue and other brilliant speakers for The Big Up Education Conversation
